

Commitment Expectations & Dates

Most of the show will be taught during 6th & 7th period in class. There will be Friday rehearsals for some characters after school. Those dates will be posted on the calendar once the show is cast. It is very important you are honest listing your conflicts on the audition form. Be as specific as possible with any Friday conflicts. Also, remember to list any dates you will be missing class for any school business, planned travel, doctor's appointments, dance, sports, etc... Check these dates with your family and any teachers, club sponsors, or coaches that you often have other commitments with. Please be responsible and look ahead from now until mid-February. If you tell us later about a conflict, it may not be excused. Remember that participation during rehearsals (in class and out) is part of your grade for this class.

Your availability will help determine the rehearsal schedule. The Director will try to accommodate conflicts first semester; however, this may affect which role you receive.

After Winter Break, we will be putting both classes together in only 3 rehearsals before we enter our tech weeks. This is a big undertaking, and your attendance is imperative to the success of this show. Please clear your schedule of any conflicts in advance.

If you have any specific concerns, please address them BEFORE auditions with Mr. Brady. Please do not assume a conflict due to another school-related event is going to be excused.

The ENTIRE CAST (6th & 7th period) is expected to attend all of the dates listed below. Do not ask to leave early. Conflicts with the below dates will not be accepted.
