

## ***Troupe 7485***

### ***Officer Expectations***

Being an officer is an important aspect of Troupe 7485, they define and organize how the whole year will be. It is important that they are not only good communicators, but that they also want to make a change for the better. No matter what happens, this theatre is a safe space. If there are any issues with the department, that is something we talk to Mr. Brady about not make this a drama filled drama club. We need to be role models!!

#### **Expectations for all of the officers**

- ♥ Officers are required at every thespian and drama club meeting. They must have some contributions in these meetings.
- ♥ Officers must participate in the officer meetings where they discuss how to promote events
- ♥ Officers must be involved in coming up with ideas for new events and fundraisers. While the fundraising officer works on the logistics, like communicating with certain businesses, they are not to be the only one working the actual the fundraisers.
- ♥ Officers must assist in making sure that paperwork for shows, like insurance and media release form or other required documents, are filled out by every student.
- ♥ Officers must present something exciting to potential thespians and must get a large group of theatre students to assist.
- ♥ Officers must come together to create, inform, and execute new ideas.
- ♥ Officers must maintain a good GPA within all courses. It is with expectation that officers keep a C or higher average GPA to maintain their position as an officer.
- ♥ Officers must go to school when necessary and not just take days off for the fun of it.
- ♥ Please realize that cursing, doing any sort of drug/vape or alcoholic substance while on school grounds reflects a bad image on us and can affect what we are able to do in events. Everything goes back to Mr. Brady somehow so don't ruin your chances of being a big part of this program.
- ♥ If you go to Mr. Brady's class during another period please do not socialize, help clean or inform students on the events coming up. It reflects that you are doing your job and sets a precedent for students that want to be officers. Do better!
