

7th Period Nemo Audition Directions: **PLEASE READ THIS!**

For Round 1: Please select 1 song that best shows off your talent. You must be MEMORIZED for the initial audition.

Round 2: If you are interested in any specific roles, you should be very familiar with all of the songs listed for auditions and callbacks as you may be asked to sing them. You should be familiar with the ENTIRE song, not just the audition cut for Call-Backs. It is wise to learn everything as a director might think you are “right” for a different role than you might envision, so be prepared to wow them with whatever you are asked to do. You may be asked to learn and sing harmony also.

At Call-Backs you might also be asked to read for various characters. Please read through ALL of the audition sides. You do not need to memorize them, but you should be familiar with them all so that you can have a strong audition.

For Round 1, please prepare one of the following selections. Please note that in the google drive you can find the sheet music for the cut AND the entire song track with guide vocals. You will also find the accompaniment tracks to practice with. The tracks are the entire song, so you will need to listen to find the specific cut.
